

CITRUS COMMUNITY COLLEGE DISTRICT STUDENT SERVICES

AP 5031 INSTRUCTIONAL MATERIALS FEES

References: Education Code Section 76365; Title 5 Sections 59400 et seq.

Students may be required to provide instructional materials for a credit or noncredit course. Such materials shall be of continuing value to a student outside of the classroom setting and shall not be solely or exclusively available from the District.

Required instructional materials shall not include materials used or designed primarily for administrative purposes, class management, course management or supervision.

Where instructional materials are available to a student temporarily through a license or access fee, the student shall be provided options at the time of purchase to maintain full access to the instructional materials for varying periods of time ranging from the length of the class up to at least two years. The terms of the license or access fee shall be provided to the student in a clear and understandable manner prior to purchase.

Instructors shall take reasonable steps to minimize the cost of instructional materials.

The District will publish these regulations in each college catalog.

Definitions

"Required instructional materials" means any materials which a student must procure or possess as a condition of registration, enrollment or entry into a class, or any such material which the instructor determines is necessary to achieve the required objectives of a course.

"Solely or exclusively available from the District" means that the instructional material is not available except through the District, or that the District requires that the instructional material be purchased or procured from it. A material shall not be considered to be solely or exclusively available from the District if it is provided to the student at the District's actual cost; and 1) The instructional material is otherwise generally available, but is provided solely or exclusively by the District for health and safety reasons; or 2) The instructional material is provided in lieu of other generally available but more expensive material which would otherwise be required.

"Required instructional materials which are of continuing value outside of the classroom setting" are materials which can be taken from the classroom setting and which are not wholly consumed, used up, or rendered valueless as they are applied in achieving the

required objectives of a course to be accomplished under the supervision of an instructor during the class hours.

Establishing Required Materials and Related Fees

For new courses requesting fees, or existing courses requesting new or revised fees, the process established by the Curriculum Committee for recommending such fees shall be followed. The request must comply with the definitions above.

As part of the process for establishing fees, justification must be provided of how the request meets the State criteria for allowable fees; and calculation and support data for determining fees must be provided.

The Office of Academic Affairs gathers related data and responds to inquiries from the California Community College Chancellors' Office.

All instructional material fees are published in the class schedule and collected at the time of enrollment.
