Accrediting Commission for Community and Junior Colleges (ACCJC) Accreditation Standard 2: Student Success

Available Financial Aid Programs Include:

- California College Promise Grant (CCPG)
- California Work Opportunity and Responsibility for Kids (CalWORKs) Work-Study
- Cal Grants A (eligible students with dependents), B, and C
- Chafee Grant
- Federal Direct Loan Programs
- Federal Pell Grant
- Federal Supplemental Educational Opportunity Grant (FSEOG)
- Federal Work-Study (FWS)
- Student Success Completion Grant (SSCG)

Application Procedures

To be considered for financial aid, students must complete or renew the Free Application for Federal Student Aid (FAFSA), or the California Dream Act Application (CADAA). If a student is applying for a Cal Grant, the FAFSA or CADAA must be completed, along with a grade point average (GPA) verification. Additional information and eligibility requirements are available on the Financial Aid webpage.

Student Eligibility

Recipients of aid from federal and state funded programs must be students enrolled in eligible programs of study for the purpose of obtaining a degree, obtaining a certificate, or transfer. In addition to demonstrated financial need, other eligibility requirements for most federal and state programs include:

- Having a high school diploma, a General Educational Development (GED) certificate, completing home schooling at the secondary level as defined by state law, passing the California High School Proficiency Examination (CHSPE), the High School Equivalency Test (HiSET), or being enrolled in a Title IV eligible program any time prior to July 1, 2022, may continue to qualify for financial aid under one of the following Ability to Benefit (ATB) alternatives: Completion of six

- college units prior to July 1, 2012, or Completion of Citrus College ATB exam.
- Being a U.S. Citizen or eligible non-citizen;
- Maintaining Satisfactory Academic Progress (SAP) in accordance with the standards;
- Not be in default on a federal loan or grant overpayment;
- Have a valid social security number (except for students from the Republic of the Marshall Islands, Federated States of Micronesia, or the Republic of Palau)

State aid does not require students to have a valid social security number. Some AB540 students may be eligible for federal aid, while others may only be eligible for state aid. Deferred Action for Childhood Arrivals (DACA) students are only eligible for state aid.

Deadlines

The Financial Aid Department establishes deadlines and priority considerations for funding based on annual allocations from federal and state aid programs and any deadline established by State or Federal programs. These deadlines and priorities are posted on the financial aid webpage and are subject to change.

Payment Procedures

The Financial Aid Department determines the disbursement schedule of each fund based on the District's academic calendar and any fund specific regulations. The disbursement schedule is posted on the financial aid webpage and varies according to the particular aid program. Earnings from the Federal Work Study (FWS) program are paid out to students through monthly payroll as the hours are earned.

Accounting Requirements

The District ensures internal checks and balances by separating the functions of authorizing payment and disbursing or delivering funds so that no single person or office exercises both functions for any student receiving Federal Student Aid (FSA) and/or state aid funds. The Financial Aid Department is responsible for financial aid payment authorization, while the department of Fiscal Services is responsible for the delivery of financial aid disbursements and refunds to students.

Overpayment Recovery

The District will determine the amount of federal financial aid a student has earned in accordance with federal law. Recipients of federal programs are subject to Return of Title IV funds requirements and Overpayment.

Students who receive federal financial aid and do not attend any classes will be required to repay all of the funds they have received. Students who withdraw from all classes will have their financial aid eligibility recalculated based on the percentage of the term completed and will be required to repay any unearned financial aid they have received as well as any institutional debt incurred by the District. The midpoint of the term will be used for the recalculation of Federal Pell Grant funds.

In addition, a recalculation of Federal Pell Grant funds will be determined for all students

at an established freeze date each term, a fixed date where the number of units a student is enrolled is used to recalculate eligibility for financial aid. Students who dropped units may owe an overpayment if they were paid more than their eligible amount on the freeze date.

Satisfactory Academic Progress (SAP) Standards

Financial Aid Satisfactory Academic Progress standards must meet the criteria set by Title IV Regulations, published in 668.16(e), 668.32(f) and 668.34 of the Federal Register.

In accordance with Federal regulations, financial aid recipients are required to meet SAP standards. SAP standards provide qualitative, quantitative and incremental (time frame) standards by which the college can determine that students receiving federal financial aid funds are maintaining the SAP standards required for their course of study. To be eligible for financial aid, federal regulations require that a student be a “regular student enrolled in an eligible program”. A regular student is someone who is enrolled in a course of study at Citrus College leading to an associate degree, a financial aid eligible certificate program, and/or a transfer program to a four-year college or university. Failure to maintain SAP standards will result in the loss of financial aid eligibility. The Financial Aid Department reviews SAP at the end of the fall, spring and summer semesters. SAP includes periods of enrollment including periods in which the student did not receive student financial aid funds.

SAP Standards impact the following programs

SAP standards apply to all students who apply for and receive financial aid from the following programs:

- Cal Grants A (eligible students with dependents), B, and C
- Federal Direct Loan Programs
- Federal Pell Grant
- Federal Supplemental Educational Opportunity Grant (FSEOG)
- Federal Work-Study (FWS)
- Student Success Completion Grant (SSCG)
- Other programs that students may be eligible for may be impacted by SAP Standards.

Please consult with the program administrator for each program that is not listed above. California College Promise Grant (CCPG) has its own academic standards and is not impacted by the SAP standards listed below.

Citrus College students are evaluated against the following standards:

Qualitative Standard:

- Maintain a minimum of a 2.0 Citrus College cumulative GPA
- Grades F, FW, and NP are calculated in the GPA
- Grades I, EW, MW, and W are not calculated in the GPA

Quantitative Standard:

Students must maintain progress by successfully completing at least 67% of units attempted.

Total units attempted with a not passing grade (EW, F, FW, I, MW, NP, and W) divided by total units attempted = percent (%) attempted that were not passed. Students with more than 33% of attempted units not passed fail to meet the minimum 67% passing rate.

- EW - Excused Withdrawal
- F - Failing
- FW - Failing/Withdrawal
- I - Incomplete
- MW - Military Withdrawal
- NP - No Pass
- W - Withdrawal

Maximum Timeframe: Total Units

Students who have attempted more than 150% of the units required for their degree or certificate program at Citrus College will be denied financial aid. Units attempted at Citrus College and/or units earned at all other colleges attended will be calculated into the total number of units attempted. Up to 30 attempted units of remedial coursework at Citrus College may be deducted from the total units attempted. ESL classes are counted towards the total number of units attempted. Students who enroll in excessive remedial courses that do not apply to their degree or certificate may exhaust their financial aid eligibility prior to completing their program.

Course Repetition

To determine the student's GPA, the most recent grade for a repeated course will be used.

- All units (both current and prior) from repeated courses are counted toward the 150% maximum units a student is permitted to attempt.
- Students are not eligible to receive financial aid for more than one repetition of a course that has been previously passed with a grade of "D" or better.
- To determine the student's GPA, the most recent grade for a repeated course will be used. All units (both current and prior) from repeated courses are counted toward the 150% maximum units a student is permitted to have. Students are not eligible to receive aid for more than one repetition of a course that has been previously passed with a grade of "D" or better.

Financial Aid Warning Status

Students who fail to meet the SAP standards for one semester due to GPA and/or pace requirements will be placed on warning for one semester. During the warning period, students may be eligible to receive financial aid.

Financial Aid Disqualification Status

Students, who fail to meet the SAP standards for more than one semester, will be disqualified from financial aid. Students who have lost their financial aid eligibility may be reinstated once they demonstrate that they meet SAP standards.

Reinstatement

Students who are denied aid due to their failure to meet SAP standards may regain Title IV eligibility by meeting the SAP standards (GPA and/or pace of progression requirements) or by being approved on an appeal (see Appeal Eligibility Criteria). Students who are denied aid due to not meeting SAP standards may be offered the opportunity to appeal the denial.

Appeal Eligibility Criteria

Students who do not meet the SAP standards to receive aid may be eligible to submit a written appeal.

Students may appeal their disqualification status **only if** they meet the following conditions:

1. For students whose aid was denied due to not successfully completing courses with a cumulative GPA of at least 2.0 and/or due to not successfully completing at least 67% of all coursework, the student must provide the following documentation that covers all periods of deficiencies:
 - a. Medical documents that show the student was medically unable to attend classes for reasons beyond their control;
 - b. Verification (obituary or death certificate) of a death in the student's immediate family. Immediate family for purposes of a financial aid appeal include parents, siblings, children, spouse, or grandparents;
 - c. Verification of military orders for military personnel and their families that have been temporarily reassigned or called to active service;
 - d. Verification of natural disaster beyond the student's control that impacted the student's academic performance; or
 - e. Personal tragedies that were beyond the student's control and are documented by a third party professional, (i.e. police, court, or medical facility).

All appeals must include:

- a. Statement from the student detailing the reason for the deficiencies and what action has been taken to ensure those deficiencies will not occur in the future; and
 - b. A Citrus College Student Educational Plan (SEP)
 - c. A copy of the confirmation page of successful completion of the online GetSAP counseling
2. For students whose aid was denied due to having already completed an Associate degree (including a foreign degree), the student must provide a copy of the student's Citrus College online SEP and a statement explaining why the

student is not currently using the degree they completed and why they are returning to college.

3. For students whose aid was denied for having attempted 90 or more units or for having attempted more than 150% of the units required for a certificate program (this total attempted units includes completed units from other colleges), the student must provide a copy of the student's Citrus College online SEP and a statement detailing the reason for any deficiencies and/or reasons for exceeding the unit level and what action(s) the student has taken to ensure they will complete their program in a timely manner.

Students who do not submit documentation to support all periods of deficiency are subject to having their appeal denied.

Students whose aid was denied for having attempted 150 or more units are not eligible to appeal the denial of aid regardless of the reason. The 150 total attempted units include units completed at other colleges.

An appeal committee will review appeals. The committee's appeal decision is final and can only be changed on a case by case basis at the discretion of the Director of Financial Aid. A student that resolves their deficiencies and meets the SAP criteria will have their financial aid eligibility reinstated.

Subsequent Terms After Approved Appeal

If approved on appeal, the students' academic performance will be reviewed at the end of each term to determine continued eligibility. Students approved on appeal remain eligible if they meet the terms of the academic plan:

- a. Take coursework that is applicable toward their degree or certificate program;
- b. Successfully complete at minimum 67% of all courses attempted in each term following the appeal approval;
- c. Complete all coursework with a term GPA of 2.0 or higher in each term following the appeal approval; and
- d. Complete the program within the maximum time frame allowed by the appeal.

Students who fail to meet these guidelines will be denied financial aid.

Academic Renewal

The College has an Academic Renewal Policy (see BP/AP 4240) through which a student may apply to have credits attempted and grades earned in previous semesters excluded from the calculation of the student's GPA. However, the Federal Student Aid program regulations make no provisions for academic renewal, thus the Financial Aid Department must include all courses in evaluating a student's SAP status for financial aid purposes.

Misrepresentation

Misrepresentation is defined as any false, erroneous, or misleading statement that the District, a representative of the District, or a service provider with which the District has contracted to provide educational programs, marketing, advertising, recruiting, or admissions services, makes directly or indirectly to a student, prospective student, a member of the public, an accrediting agency, a state agency, or the United States Department of Education.

A misleading statement includes any statement that has the likelihood or tendency to deceive or confuse. If a person to whom the misrepresentation was made could reasonably be expected to rely, or has reasonably relied, on the misrepresentation, the misrepresentation would be substantial.

At least once a year, the dean of each department/division will direct a review of each department/division website(s) and other informational materials for accuracy and completeness.

All employees and contractors that provide outreach services will be trained by their hiring/contracting manager concerning the District's educational programs, financial charges, and employment of graduates.

District managers shall periodically monitor employees' and vendors' communications with prospective students to ensure the accuracy of their communications.

This procedure does not apply to statements by students through social media outlets or by vendors that are not providing covered services, as reflected herein.

Loss of Eligibility for California College Promise Grant (CCPG)

A student shall become ineligible for a California College Promise Grant (CCPG) if the student is placed on academic or progress probation, or any combination thereof, for two consecutive primary terms. Loss of eligibility shall become effective at the first registration opportunity after such determination is made.

The District shall notify students of their placement on academic or progress probation no later than thirty days following the end of the term that resulted in the student's placement on probation. The notification must clearly state that two consecutive primary terms of probation will lead to a loss of the CCPG until the student is no longer on probation. The notification must also advise students about the available student support services to assist them in maintaining eligibility.

The District shall adopt, prominently display, and disseminate policies ensuring that students are advised about the student support services available to assist them in maintaining and reestablishing CCPG eligibility. Dissemination includes, but is not limited to, information provided in college catalogs and class schedules.

The District shall establish written procedures by which a student may appeal the loss of a CCPG due to extenuating circumstances, or when a student with a disability applied for, but did not receive, a reasonable accommodation in a timely manner. Extenuating circumstances are verified cases of accidents, illnesses, or other circumstances that might include documented changes in the student's economic situation or evidence that the student was unable to obtain essential student support services. Extenuating circumstances also includes special consideration of the specific factors associated with Veterans, CalWORKs, EOPS, and DSPS student status.

Foster Youth shall not be subject to loss of CCPG due to placement on academic or progress probation. This exemption for Foster Youth is effective until the date specified in Education Code Section 66025.9 subdivision (c).
