Accrediting Commission for Community and Junior Colleges Standards II.A and II.A.9

The programs and curricula of the District shall be of high quality, relevant to community and student needs, and evaluated regularly to ensure quality and currency. The Superintendent/President shall establish procedures for the development and review of all curricular offerings, including their establishment, modification, or discontinuance.

Furthermore, these procedures shall include:

- Appropriate involvement of the faculty and Academic Senate in all processes;
- Regular review and justification of programs and course outlines;
- Opportunities for training for persons involved in aspects of curriculum development; and,
- Consideration of job market and other related information for career and technical programs.

All new programs and program discontinuances shall be approved by the Board of Trustees.

All new programs shall be submitted to the California Community College Chancellor's Office for approval as required.

Individual degree-applicable credit courses offered as part of a permitted educational program shall be approved by the Board of Trustees. Non-degree applicable credit courses and degree-applicable courses that are not part of an existing approved program must satisfy the conditions set forth in Title 5 regulations. They must also be approved by the Board of Trustees.

Credit Hour

Consistent with federal regulations applicable to federal financial aid eligibility, the District shall assess and designate each of its programs as either a "credit hour" or a "clock hour" program.

The Superintendent/President will establish procedures and prescribe the definition of “credit hour” consistent with applicable Title 5 and federal regulations, as they apply to community college districts.

The Superintendent/President shall establish procedures to assure that curriculum at the District complies with the definition of “credit hour” or “clock hour,” where applicable. The Superintendent/President shall also establish procedure for using a clock-to-credit hour conversion formula to determine whether a credit hour program is eligible for federal financial aid. The conversion formula is used to determine whether such a credit-hour program has an appropriate minimum number of clock hours of instruction for each credit hour it claims.

See Administrative Procedure 4020.
