I. Meeting called to Order -

II. Approval of Minutes - Minutes from 11/16/23 Curriculum Committee

III. Action Items - A. Mirrored Course Numbering - The Tech Review committee vetted the mirrored course numbering options suggested by Curriculum Committee on 11/16/23, including verifying with the Chancellor's Office and in Banner what is technically feasible.

Due to character limitations in Banner, and the desire to keep the mirrored courses logically grouped together, the Committee suggests mirrored courses follow the format: "NC [first two letters of discipline of mirrored credit course+course number]." As an example, the mirror of "AUTO 147" would be "NC AU147."

This format groups the mirrored courses together on the schedule directly following the regular NC courses, and keeps the related mirrored courses grouped together by their discipline subject.

B. Mirrored Course Renumbering - Using the mirrored course numbering format suggested above, renumber all currently proposed and already approved non-credit mirrored courses.

IV. Discussion Items - A. DEIA+ in Curriculum survey update

B. HVAC Non-Credit Courses and Certificate

V. Information Items - A. Standing Update - Articulation Officer

VI. Public Forum/Announcements

VII. Meeting Adjourned
