Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of the General Obligation Bonds Construction Fund (Measure G and Measure Y) of the Citrus Community College District (the District), as of and for the year ended June 30, 2022, and the related notes to the financial statements, as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the financial position of the General Obligation Bonds Construction Fund (Measure G and Measure Y) of the District, as of June 30, 2022, and the changes in its financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter

As discussed in Note 1, the financial statements present only the General Obligation Bonds Construction Fund (Measure G and Measure Y), and do not purport to, and do not, present fairly the financial position of the District as of June 30, 2022, and the changes in its financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated December 7, 2022 on our consideration of the General Obligation Bonds Construction Fund (Measure G and Measure Y) of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters.

The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the General Obligation Bonds Construction Fund (Measure G and Measure Y) of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the General Obligation Bonds Construction Fund (Measure G and Measure Y) of the District's internal control over financial reporting and compliance.

A handwritten signature in black ink that reads "Eddie Baully LLP". The signature is fluid and cursive, with "Eddie" and "Baully" connected by a flourish, and "LLP" in a smaller, separate section.

Citrus Community College District
General Obligation Bonds Construction Fund (Measure G and Measure Y)
Notes to Financial Statements
June 30, 2022

Note 1 - Summary of Significant Accounting Policies

The accounting policies of the Citrus Community College District (the District) General Obligation Bonds Construction Fund (Measure G and Measure Y) conform to accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board (GASB) and the American Institute of Certified Public Accountants (AICPA). The District's General Obligation Bonds Construction Fund (Measure G and Measure Y) accounts for the financial transactions in accordance with the policies and procedures of the California Community College's *Budget and Accounting Manual*.

Financial Reporting

The financial statements include only the General Obligation Bonds Construction Fund (Measure G and Measure Y) of the District. This Fund was established to account for the receipt of proceeds of general obligation bond issuances and the expenditures of those proceeds under the General Obligation Bond Election of March 2, 2004 and General Obligation Bond Election of November 3, 2020. These financial statements are not intended to present the financial position and changes in financial position of the District in compliance with accounting principles generally accepted in the United States of America.

Fund Accounting

The operations of the General Obligation Bonds Construction Fund (Measure G and Measure Y) are accounted for in a separate set of self-balancing accounts that comprise its assets, liabilities, fund balance, revenues, and expenditures. Resources are allocated to, and accounted for, in the fund based upon the purpose for which they are to be spent and the means by which spending activities are controlled.

Basis of Accounting

The General Obligation Bonds Construction Fund (Measure G and Measure Y) is accounted for using a flow of current financial resources measurement focus and the modified accrual basis of accounting. With this measurement focus, only current assets and current liabilities are generally included on the balance sheet. The statement of revenues, expenditures, and changes in fund balance reports on the sources (revenues and other financing sources) and uses (expenditures and other financing uses) of current financial resources.

Budgets and Budgetary Accounting

Annual budgets are adopted on a basis consistent with accounting principles generally accepted in the United States of America for all governmental funds. The District's governing board adopts an operating budget in accordance with State law. A public hearing must be conducted to receive comments prior to adoption. The District's governing board satisfied these requirements. The Board revises this budget during the year, as needed, to give consideration to unanticipated revenues and expenditures primarily resulting from events unknown at the time of budget adoption. The District employs budget control by major object. Expenditures cannot legally exceed appropriations by major object account.

Citrus Community College District
General Obligation Bonds Construction Fund (Measure G and Measure Y)
Notes to Financial Statements
June 30, 2022

Encumbrances

The District utilizes an encumbrance accounting system under which purchase orders, contracts, and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation. Encumbrances are liquidated when the commitments are paid and all outstanding encumbrances lapse at June 30.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates, and those differences could be material.

Fund Balance

As of June 30, 2022, the fund balance of the General Obligation Bonds Construction Fund (Measure G and Measure Y) is classified as follows:

Restricted - amounts that can be spent only for specific purposes because of constitutional provisions or enabling legislation, or because of constraints that are externally imposed by creditors, grantors, contributors, or the laws or regulations of other governments.

Note 2 - Investments

Policies and Practices

The District is authorized under California *Government Code* to make direct investments in local agency bonds, notes, or warrants within the State; U.S. Treasury instruments; registered State warrants or treasury notes; securities of the U.S. Government, or its agencies; bankers acceptances; commercial paper; certificates of deposit placed with commercial banks and/or savings and loan companies; repurchase or reverse repurchase agreements; medium term corporate notes; shares of beneficial interest issued by diversified management companies, certificates of participation, obligations with first priority security; and collateralized mortgage obligations.

Citrus Community College District
General Obligation Bonds Construction Fund (Measure G and Measure Y)
Notes to Financial Statements
June 30, 2022

Investment in County Treasury

In accordance with the *Budget and Accounting Manual*, the District maintains substantially all of its cash in the County Treasury as part of the common investment pool. The District is considered to be an involuntary participant in an external investment pool. The fair value of the District's investment in the pool is reported in the accompanying financial statements at amounts based upon the District's pro-rata share of the fair value provided by the County Treasurer for the entire portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records maintained by the County Treasurer, which are recorded on the amortized cost basis. The District's investment in the County Treasury is measured at fair value on a recurring basis which is determined by the fair value per share of the underlying portfolio determined by the program sponsor. Positions in the investment pool are not required to be categorized within the fair market hierarchy.

General Authorizations

Limitations as they relate to interest rate risk, credit risk, and concentration of credit risk are indicated in the schedules below:

Notes to Financial Statements
June 30, 2022

Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value is to changes in market interest rates. The District does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. The District manages its exposure to interest rate risk by investing in the Los Angeles County Investment Pool. The District maintains a General Obligation Bonds Construction Fund (Measure G and Measure Y) investment of \$47,561,492 with the Los Angeles County Investment Pool, with an average maturity of 933 days.

Credit Risk

Credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. The District's investment in the Los Angeles County Investment Pool is not required to be rated, nor has it been rated as of June 30, 2022.

Note 3 - Receivables

Receivables at June 30, 2022, consisted of accrued interest for a total of \$136,021.

Note 4 - Bonded Debt

Description of Debt

On March 2, 2004, the voters of the District approved Measure G, which allowed the District to issue \$121,000,000 of general obligation bonds to be used to finance the acquisition, construction, and modernization of certain property and District facilities. The debt is being paid by the District's Bond Interest and Redemption Fund.

On November 3, 2020, the voters of the District approved Measure Y, which allowed the District to issue \$298,000,000 of general obligation bonds to be used to finance the acquisition, construction, and modernization of certain property and District facilities. The debt is being paid by the District's Bond Interest and Redemption Fund.

General Obligation Bonds

Measure G

Series C General Obligation Bonds

In June 2009, \$29,995,302 of Citrus Community College District, Election of 2004, Series C Bonds were issued with a final maturity date of June 1, 2034. The bonds were issued as current interest bonds in the principal amount of \$26,405,000 and capital appreciation bonds in the aggregate principal amount of \$3,590,302. The bonds carry interest rates ranging from 3.00% to 5.25%, depending on the maturity of the related bonds. Interest is payable semiannually on December 1 and June 1 of each year. The outstanding principal balance of these bonds at June 30, 2022, was \$8,643,585.

2013 General Obligation Refunding Bonds

On April 24, 2013, \$13,130,000 of Citrus Community College District, 2013 General Obligation Refunding Bonds were issued to advance refund and defease a portion of the District's Election of 2004 General Obligation Bonds, Series A and to pay all legal, financial, and contingent costs in connection with the issuance of the Bonds. The bonds were issued with a final maturity date of August 1, 2029. Interest rates range from 2.00% to 5.00%, depending on the maturity of the related bonds. Interest is payable semiannually on February 1 and August 1 of each year. The outstanding principal balance of these bonds at June 30, 2022, was \$3,630,000.

Citrus Community College District

Notes to Financial Statements
June 30, 2022

Series D General Obligation Bonds

On June 11, 2014, \$18,997,251 of Citrus Community College District, Election of 2004, Series D Bonds were issued with a final maturity date of August 1, 2038. The bonds were issued as current interest bonds in the principal amount of \$620,000, capital appreciation bonds in the aggregate principal amount of \$6,750,369, and convertible capital appreciation bonds in the aggregate principal amount of \$11,626,882. The bonds carry interest rates ranging from 2.00% to 4.00%, depending on the maturity of the related bonds. Interest is payable semiannually on February 1 and August 1 of each year. The outstanding principal balance of these bonds at June 30, 2022, was \$1,154,594.

Series E General Obligation Bonds

On March 10, 2015, \$10,005,000 of Citrus Community College District, Election of 2004, Series E Bonds were issued with a final maturity date of August 1, 2035, and interest rates ranging from 2.50% to 5.00%, depending on the maturity of the related bonds. Interest is payable semiannually on February 1 and August 1 of each year. The outstanding principal balance of these bonds at June 30, 2022, was \$2,255,000.

2015 General Obligation Refunding Bonds

On March 10, 2015, \$48,685,000 of Citrus Community College District, 2015 General Obligation Refunding Bonds were issued to advance refund and defease a portion of the District's Election of 2004 General Obligation Bonds, Series B and Series C, and to pay all legal, financial, and contingent costs in connection with the issuance of the Bonds. The bonds were issued with a final maturity date of August 1, 2027. Interest rates range from 2.00% to 5.00%, depending on the maturity of the related bonds. Interest is payable semiannually on February 1 and August 1 of each year. The outstanding principal balance of these bonds at June 30, 2022, was \$22,155,000.

2020 General Obligation Refunding Bonds

On August 4, 2020, \$41,995,000 of Citrus Community College District, 2020 General Obligation Refunding Bonds were issued to advance refund and defease portions of the District's Election of 2004 General Obligation Bonds, Series D and Series E, 2013 General Obligation Refunding Bonds, and 2015 General Obligation Refunding Bonds, and to pay all legal, financial, and contingent costs in connection with the issuance of the Bonds. The bonds were issued with a final maturity date of August 1, 2032. Interest rates range from 0.34% to 1.85%, depending on the maturity of the related bonds. Interest is payable semiannually on February 1 and August 1 of each year. The outstanding principal balance of these bonds at June 30, 2022, was \$41,625,000.

Citrus Community College District
General Obligation Bonds Construction Fund (Measure G and Measure Y)
Notes to Financial Statements
June 30, 2022

2021 General Obligation Refunding Bonds

On November 23, 2021, \$19,740,000 of Citrus Community College District, 2021 General Obligation Refunding Bonds were issued to advance refund and defease portions of the District's Election of 2004 General Obligation Bonds, Series E and 2015 General Obligation Refunding Bonds, and to pay all legal, financial, and contingent costs in connection with the issuance of the Bonds. Because the transaction qualified as a legal defeasance, the obligation for the defeased bonds has been removed from the District's financial statements. The refunding resulted in an economic gain in the form of savings to taxpayers of \$1,195,474 based on the difference between the present value of the existing debt service requirements and the new debt service requirements discounted at 1.82%. The bonds were issued with a final maturity date of August 1, 2031. Interest rates range from 0.31% to 2.03%, depending on the maturity of the related bonds. Interest is payable semiannually on February 1 and August 1 of each year. The outstanding principal balance of these bonds at June 30, 2022, was \$19,740,000.

Measure Y

Series A General Obligation Bonds

On November 23, 2021, \$50,000,000 of Citrus Community College District, Election of 2020, Series A Bonds were issued with a final maturity date of August 1, 2046. The bonds were issued as current interest serial bonds in the principal amount of \$39,685,000 and current interest term bonds in the aggregate principal amount of \$10,315,000. The bonds carry interest rates ranging from 2.00% to 4.00%, depending on the maturity of the related bonds. Interest is payable semiannually on August 1 and February 1 of each year. The outstanding principal balance of these bonds at June 30, 2022, was \$50,000,000.

The outstanding general obligation bonded debt is as follows:

*Interest that is accrued at a discount from the face value of the bonds, and no interest payment is made until maturity.

Note 5 - Commitments and Contingencies

Litigation

The District is not currently a party to any legal proceedings related to the General Obligation Bonds Construction Fund (Measure G and Measure Y).

Construction Commitments

As of June 30, 2022, the District had committed under various capital expenditure purchase agreements for various projects totaling approximately \$10.9 million to be funded through a combination of general obligation bonds and capital project apportionments from the California State Chancellor's Office.

Independent Auditor's Report

June 30, 2022

Citrus Community College District

**Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and
Other Matters Based on an Audit of Financial Statements Performed in Accordance with
*Government Auditing Standards***

Board of Trustees and Citizens' Oversight Committee
Citrus Community College District
Glendora, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the General Obligation Bonds Construction Fund (Measure G and Measure Y) of the Citrus Community College District (the District) as of and for the year ended June 30, 2022, and the related notes of the financial statements, and have issued our report thereon dated December 7, 2022.

Emphasis of Matter

As discussed in Note 1, the financial statements present only the General Obligation Bonds Construction Fund (Measure G and Measure Y), and do not purport to, and do not, present fairly the financial position of the District as of June 30, 2022, and the changes in its financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) as a basis for designing the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the District's General Obligation Bonds Construction Fund (Measure G and Measure Y) financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether General Obligation Bonds Construction Fund (Measure G and Measure Y) of the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Independent Auditor's Report on Performance

Board of Trustees and Citizens' Oversight Committee
Citrus Community College District
Glendora, California

We were engaged to conduct a performance audit of the General Obligation Bonds Construction Fund (Measure G and Measure Y) of the Citrus Community College District (the District) for the year ended June 30, 2022.

We conducted this performance audit in accordance with generally accepted government auditing standards. Those standards require that we plan and perform the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe that the evidence obtained provides a reasonable basis for our findings and conclusions based on our audit objectives.

Our audit was limited to the objectives listed within the report which includes determining the District's compliance with the performance requirements as referred to in Proposition 39 and outlined in Article XIII A, Section 1(b)(3)(C) of the California Constitution. Management is responsible for the District's compliance with those requirements.

In planning and performing our performance audit, we obtained an understanding of the District's internal control in order to determine if the internal controls were adequate to help ensure the District's compliance with the requirements of Proposition 39 and outlined in Article XIII A, Section 1(b)(3)(C) of the California Constitution, but not for the purpose of expressing an opinion of the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

The results of our tests indicated that the District expended General Obligation Bonds Construction Fund (Measure G and Measure Y) funds only for the specific projects approved by the voters, in accordance with Proposition 39 and outlined in Article XIII A, Section 1(b)(3)(C) of the California Constitution.

This report is intended solely for the information and use of the District, Board of Trustees, and Citizens Oversight Committee, and is not intended to be and should not be used by anyone other than these specified parties.

Authority for Issuance and Purpose

The Measure G and Measure Y General Obligation Bonds (the Bonds) were issued pursuant to the Constitution and laws of the State of California (the State), including the provisions of Chapters 1 and 1.5 of Part 10 of the California *Education Code*, and other applicable provisions of law.

The District received authorization from an election held on March 2, 2004, to issue bonds of the District in an aggregate principal amount not to exceed \$121,000,000 to finance the acquisition, construction, modernization, and equipping of District sites and facilities. Measure G required approval by at least 55% of the votes cast by eligible voters within the District.

The District received authorization from an election held on November 3, 2020, to issue bonds of the District in an aggregate principal amount not to exceed \$298,000,000 to finance the acquisition, construction, modernization, and equipping of District sites and facilities. Measure Y required approval by at least 55% of the votes cast by eligible voters within the District.

Authority for the Audit

On November 7, 2000, California voters approved Proposition 39, the Smaller Classes, Safer Schools and Financial Accountability Act. Proposition 39 amended portions of the California Constitution to provide for the issuance of general obligation bonds by school districts, community college districts, or county offices of education for the following: "construction, reconstruction, rehabilitation, or replacement of school facilities, including the furnishing and equipping of school facilities, or the acquisition or lease of rental property for school facilities", upon approval by 55% of the electorate. In addition to reduction of the approval threshold from two-thirds to 55%, Proposition 39 and the enacting legislation (AB 1908 and AB 2659) requires the following accountability measures as codified in *Education Code* Sections 15278-15282:

1. Requires that the proceeds from the sale of the bonds be used only for the purposes specified in Article XIII A, Section 1(b)(3)(C) of the California Constitution, and not for any other purpose, including teacher and administrator salaries and other district operating expenses.
2. The district must list the specific facilities projects to be funded in the ballot measure, and must certify that the governing board has evaluated safety and information technology needs in developing the project list.
3. Requires the district to appoint a citizens' oversight committee.
4. Requires the district to conduct an annual independent financial audit and performance audit in accordance with the *Government Auditing Standards* issued by the Comptroller General of the United States of the bond proceeds until after all of the proceeds have been expended.
5. Requires the district to conduct an annual independent performance audit to ensure that the funds have been expended only on the specific projects listed.

June 30, 2022

Objectives of the Audit

1. Determine whether expenditures charged to the General Obligation Bonds Construction Fund (Measure G and Measure Y) have been made in accordance with the bond project list approved by the voters through the approval of Measure G and Measure Y.
2. Determine whether salary transactions, if any, charged to the General Obligation Bonds Construction Fund (Measure G and Measure Y) were in support of Measure G and Measure Y and not for District general administration or operations.

Scope of the Audit

The scope of our performance audit covered the period of July 1, 2021 through June 30, 2022. The population of expenditures tested included all object and project codes associated with the bond projects. The propriety of expenditures for capital projects and maintenance projects funded through other State or local funding sources, other than proceeds of the bonds, were not included within the scope of the audit. Expenditures incurred subsequent to June 30, 2022, were not reviewed or included within the scope of our audit or in this report.

Methodology

We obtained the general ledger and the project expenditure reports prepared by the District for the fiscal year ended June 30, 2022, for the General Obligation Bonds Construction Fund (Measure G and Measure Y). Within the fiscal year audited, we obtained the actual invoices, purchase orders, and other supporting documentation for a sample of expenditures to ensure compliance with the requirements of Article XIII A, Section 1(b)(3)(C) of the California Constitution and Measure G and Measure Y as to the approved bond projects list. We performed the following procedures:

1. We identified expenditures and projects charged to the general obligation bond proceeds by obtaining the general ledger and project listing.
2. We selected a sample of expenditures using the following criteria:
 - a. We considered all expenditures recorded in all object codes.
 - b. We considered all expenditures recorded in all projects that were funded from July 1, 2021 through June 30, 2022 from Measure G and Measure Y bond proceeds.
 - c. We selected a sample of expenditures using professional judgment, based on risk assessment and consideration of coverage of all object codes and projects for the period starting July 1, 2021 and ending June 30, 2022.
3. Our sample for Measure G included transactions totaling \$5,029,830. This represents 97% of the total expenditures of \$5,166,190. Our sample for Measure Y included transactions totaling \$561,585. This represents 96% of the total expenditures of \$587,726.

Citrus Community College District
General Obligation Bonds Construction Fund (Measure G and Measure Y)
June 30, 2022

4. We reviewed the actual invoices and other supporting documentation to determine that:
 - a. Expenditures were supported by invoices with evidence of proper approval and documentation of receiving goods or services.
 - b. Expenditures were supported by proper bid documentation, as applicable.
 - c. Expenditures were expended in accordance with the voter-approved bond project list.
 - d. Bond proceeds were not used for salaries of administrators or other operating expenses of the District.
5. We determined that the District has met the compliance requirements of Measure G and Measure Y if the following conditions were met:
 - a. Expenditures were aligned with the voter-approved bond projects list.
 - b. Expenditures were not used for salaries of administrators or other operating expenses of the District.

Conclusion

The results of our tests indicated that, in all significant respects, Citrus Community College District has properly accounted for the expenditures held in the General Obligation Bonds Construction Fund (Measure G and Measure Y) and that such expenditures were made for authorized Bond projects. As of June 30, 2022, the Measure G funds were fully expended by the District.
