

**BOND PROGRAM STATUS REPORT**  
**for the Citizen's Oversight Committee**  
**March 14, 2012**

---

**Administration Building**

- Steel columns are being placed for structural support, framing work is ongoing, rough-in electrical and plumbing work is in process. Demolition work to begin preparing for the new generator pad will begin at the end of the month. Construction of the new elevator is in process.

**Campus Center**

- The architect, R<sup>2</sup>A Architecture, continues to gather preliminary information for the project. The kitchen design firm provided their input and suggestions for design. Site visits to Chaffey College and to Pasadena City College have been completed to look at their recently remodeled cafeteria areas and discuss how they handled swing space during construction.

**East Campus – Public Restrooms**

- The project is complete with the exception of a few minor items remaining on punch lists. The restrooms have been opened for use.

**Lecture Hall and Physical Science**

- O'Bryant Electric has completed the work and the lights are operational. ETAP completed their inspection on March 9<sup>th</sup> and the rebate is pending.

**Tech C Renovation**

- Renovation of the first floor area in Tech C, which is currently occupied by photography, will be remodeled for the Esthetician program. Construction documents are in process.
