FLSA Non-Exempt

Evaluated by

Salary Range 36

Summary

Oversees and coordinates the technical aspects of the staging of the District's, professional touring, and local theatrical performances. Provides technical and artistic guidance and oversight to professional and student stage crews, and serves as on-site technical support to performing groups during events.

Essential Duties and Responsibilities

- Provides on-site technical staging expertise at theatrical events, providing professional guidance and assistance to theatrical groups and personnel with regard to staging concepts, processes, and techniques.
- Oversees and coordinates the staging of theatrical lighting, sound, video and other equipment and/or assets, as required for individual performances.
- Provides technical oversight, guidance, and training to student theatrical crew members in basic theater practices, techniques, and work standards.
- Oversees and coordinates the troubleshooting, repair, and maintenance of theatrical staging equipment and facilities; maintains a preventive maintenance program and contracts for repairs as necessary.
- Trains and oversees event stage crew personnel in technical safety procedures regarding theater facilities, equipment, and personnel.
- Participates in the development of operating goals and objectives for the unit; recommends, implements, and administers methods and procedures to enhance operations.
- Monitors production costs and provides billing information; maintains inventories of materials and equipment necessary for the operation of performance spaces.
- Coordinates and oversees the use and operation of the on-campus theater facility; provides input into the development of policies, guidelines and procedures related to theater activities;
- Confers with individuals and groups, both on-and off-campus to provide information on facility usage and capability, available equipment, and scheduling. Provides technical assistance to those using the theater equipment. Provides advice to users regarding performance production aspects.
- Enters and retrieves data from a personal computer to produce reports regarding expenditures, schedules, production estimates and other matters; recruits and directs the work of part-time staff and student assistants to provide technical production and ushering support; provides instruction to staff and volunteers in work and safety procedures; assists in coordinating activities and arranging details for rehearsals and performances, distributes information regarding the facility to interested parties and encourages use of the facility; resolves production and facility usage problems.
- Coordinates, oversees and participates in the operation of sound, lighting and other production equipment during productions. Recommends equipment maintenance and purchase; maintains records of and takes inventory of theater equipment; maintains accurate records and files.
